

All That Kids Can Be

From Poverty to Possibility

Strong Communities

Long-term Outcomes

Short-term Outcomes

<p>Engagement in Learning</p> <p>Children and youth are supported in their optimal development and prepared initially for school, for the challenges they face and for transitions to post-secondary education and meaningful employment.</p>	<p>Connectedness & Community Involvement</p> <p>Young people feel respected and trusted within the communities they live creating a strong sense of place and belonging where youth thrive and contribute, empowered to meet the high expectations they have of themselves and their community has for them</p>	<p>Emotional & Physical Wellbeing</p> <p>Young people have meaningful, healthy relationships with at least one adult and benefit from accessible and affordable opportunities to form healthy peer relationships and lifestyles</p>
<p>Increasing access to early learning opportunities in vulnerable neighbourhoods and beyond</p>	<p>Supporting parents with the tools and resources necessary to raise happy, healthy children</p>	<p>Increasing opportunities for children and youth to form positive relationships with peers and adults</p>
<p>Increasing access to resources that foster school success</p>	<p>Helping the community embrace the uniqueness of young people, building reciprocal trust and respect</p>	<p>Increasing access to recreational opportunities for children and youth locally</p>
<p>Developing the skills necessary for youth to make a successful transition to adult roles, responsibilities and relationships</p>	<p>Increasing opportunities for meaningful engagement in their community fostering a strong sense of place and belonging</p>	<p>Providing opportunities for youth that mitigate risky behaviours and choices</p>

<p>Access to Basic Needs</p> <p>To reduce the human, social, and economic costs of poverty on our community by improving access to and affordability of the basic needs of life</p>	<p>Employment, Skills Building & Financial Security</p> <p>To improve opportunities for individuals to retain and maintain family-sustaining, meaningful employment or income that promotes economic self-sufficiency</p>	<p>Improving the Service System</p> <p>To strengthen a service system that supports a 'person-first' approach, with increasing integration and collaboration among community services, improved access through intensive case coordination and decentralizing service delivery.</p>
<p>Working toward an accessible and affordable transportation system connecting residents with their community</p>	<p>Strengthening literacy, employment, pre-employment and on-the-job skills training and development programs</p>	<p>Strengthening programming and improving access through intensive case coordination and service resolution as well as working toward increased coordination between services</p>
<p>Increasing access to affordable and appropriate housing with the supports to maintain it</p>	<p>Increasing financial literacy and financial management for those living with low income</p>	<p>Building strong collaborative multi-sectoral networks to address poverty</p>
<p>Increasing access to emergency food supplies and creating opportunities for improved access to safe, affordable, nutritious food with the supports to maintain that access</p>	<p>Improving access to programs offering assistance in job search skills and providing accessible and affordable services to support employment and ensure basic needs are met</p>	<p>Working together to help individuals and families better navigate support systems by redesigning and decentralizing service delivery to community and neighbourhood settings understanding effective practices and impacts of hubs for residents</p>

<p>Neighbourhood & Community Engagement</p> <p>To encourage an increased sense of neighbourhood where people interact, become involved in and contribute in various ways to their community.</p>	<p>Connecting People to Supports</p> <p>To ensure people in our community are aware of and able to access programs and services relevant to their needs .</p>	<p>Personal Wellbeing & Safety</p> <p>To strengthen our community, fostering an environment of health, safety and independence and better positioning individuals and families to react when their health and/or safety is compromised.</p>
<p>Creating opportunities and places for individuals and families to feel a sense of inclusion and belonging in their neighbourhoods and community</p>	<p>Helping people find relevant and appropriate supports and services in their community, including neighbourhood outreach</p>	<p>Helping seniors and people with disabilities to live independently and sustain their health</p>
<p>Engaging individuals and families in their community through volunteerism or participation in community programs and events</p>	<p>Improving the service sectors knowledge of services and supports available in the community</p>	<p>Helping individuals and families better handle life's challenges by promoting mental wellness and supporting healthy life choices</p>
<p>Providing opportunities for individuals and families to increasingly influence their community in positive ways by taking on leadership roles, participation in the democratic process and engagement in resident led initiatives</p>	<p>Working together to help individuals and families better navigate the service system by redesigning and decentralizing service delivery to community and neighbourhood settings</p>	<p>Creating neighbourhoods and homes that are safer for individuals and families, especially victims of violence and abuse</p>
